01

Who we are

Q Shelter is the state's peak body for the housing and homelessness sector. We've been around for over 30 years and our staff have decades of experience in community services and housing sectors. We also have strong working relationships with other state and national peak bodies

02

What we do

We represent the sector's interests to government through advocacy and advice on future directions for the sector. We provide specialised advice and resources to the sector as well as bespoke training in topics such as management of tenancies, assets and governance

03

What we've achieved over the past 12 months

We've developed a community housing sector prospectus, a domestic and family violence toolkit for the private real estate sector, launched our guide to creating sustainable tenancies, hosted CEO Forums, facilitated training sessions, collaborated with industry partners, lobbied Commonwealth & state governments for remote housing funding and more!

04

Why we need members

It's simple - the more members we have, the stronger and more representative our voice is for the sector. Our effectiveness hinges on the representation of our membership.
